

Are All Dance Studios The Same?

**Here's why Art of the Dance Academy
Is the Right Choice**

	Art of the Dance	Other Dance Schools
--	------------------	------------------------

We service all sectors of the Dance School Industry:
Pre-Dance, Recreational Dance, Commercial Dance
and Professional Ballet Academy and Contemporary Dance

Small Class Size. 6 to 10 Students in Pre-dance. And no more
than 12 per class for ages 10 and up

Classes scheduled for parent's convenience. We piggy back
dance styles, divisions and levels so that most families can do
all their dancing on one day

Performance Opportunities beyond year end recital with rehearsals
that do not take time away from technique in class:

January Full Length Story Ballet, Dance Company performs with
Professional companies in March, A Concert of Art in Motion and
Competition Teams attend 2 competitions per year

Hassle Free Recitals. Parents do not need to fund raise or take part
in the administration or tech part of our shows. Our performance
venues do all the work on show day. All costume pieces are purchased
by the studio and we will alter anything that is not right.

Written goals and curriculum targets teachers must adhere to for
every class while teaching in their own style and technique. Parents
may see these at any time

All students advanced by testing or evaluation

All students at all levels acknowledged at our shows. There are
medals and trophies given to every student who participates in
the January Ballet and the June Recital based on their years of
attendance

Class uniform included in your registration fee

A prestigious ballet curriculum that produces well trained dancers
safely and without affectations who can perform both classical
and contemporary choreography

Dancewear, shoes and tights available here. No need to drive around

Parents kept well informed with a Parent Hand Book and
our web site. We strive to give excellent customer service at all times
